UNIFORMS THAT STAND OUT

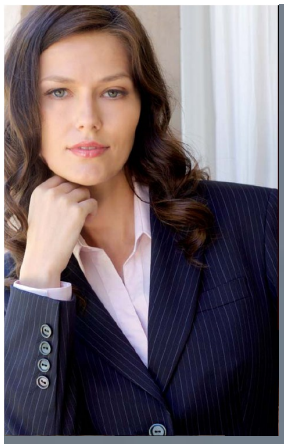

KAPALIE UNIFORMS & wardrobes

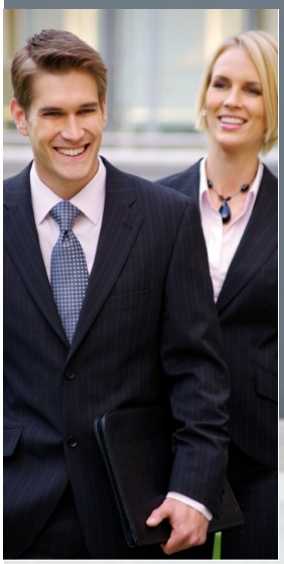

Kapalie Uniforms is successful supplier of image clothing. Established in 1970, Kapalie uniforms has passion for fabrics and tailoring which is matched by an obsession for detail and garment performance. We balance our heritage, quality and craftsmanship with innovation and progress to consistently bring to the market the very best in Uniforms.

"At Kapalie Uniforms we have only one guiding principle, that all wearers of uniforms are confident and professional"

Invest in **tried and tested** quality corporate clothing

Too many corporate clothing providers believe merely adding the word 'performance' to their label makes for a viable performance tailored clothing solution.

At Kapalie we only make promises we can stand by, no smoke and mirrors just high quality corporate tailoring, simple.

After nearly 40 years of building a good name we won't spoil it by taking shortcuts.

Important steps to choosing the right collection:

- Choose the weight and durability of the fabric required for your corporate clothing
- Choose a color and style you desire
- Give yourself time to get it right, build in time for fittings etc. then set a date for your team to start wearing their wonderfully tailored new clothing

How many?

Ideally, full-time wearers should be issued with a minimum of 2 jackets, 3 trousers/skirts and 5 shirts/blouses.

The same jacket and trousers or skirt should never be worn on consecutive days. At the end of the day hang the garments up with space around them – the fine fabrics will benefit from having space to breathe.

"Understand the **impression** you want your organization to make, then **tailor your wardrobe** accordingly at **ONE STOP KAPALIE SHOP**"

Attention to detail!

We use the perfect fabric for uniforms tailoring.

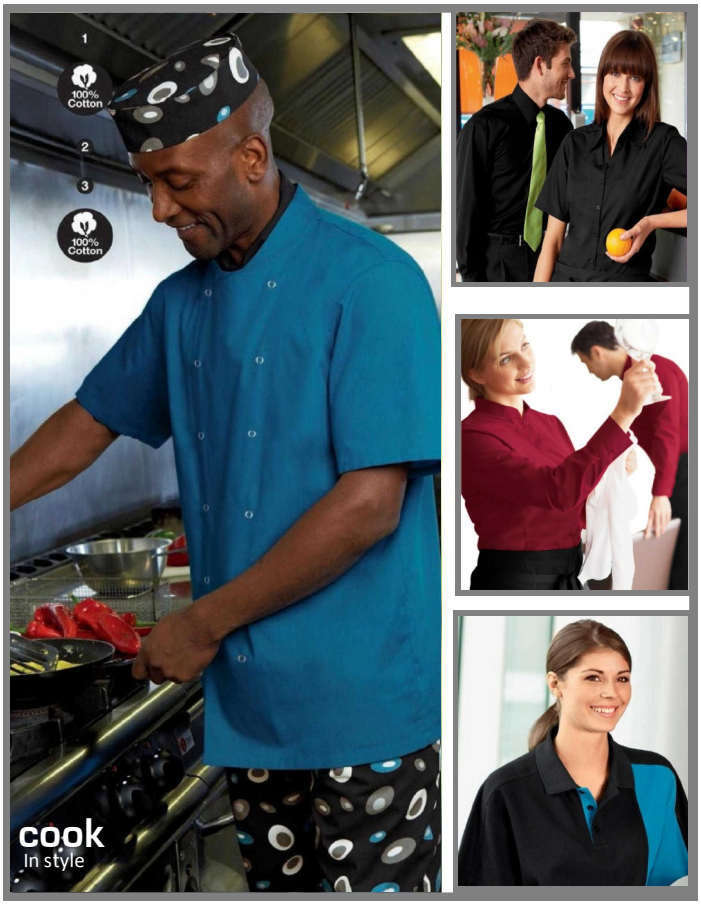

We employ brilliant garment technician, people with real experience, to produce jacket patterns for men and women concentrating on fit and ease of movement and to produce trousers that fit but great and comfortable all day long.

We use a higher grade of trim (Lining, Buttons, Internal canvas, Chest piece and shoulder pads) than normally used by other suppliers.

We really care about how you look and feel in our fabulously tailored cloth.

We believe it is attention to detail that sets the best apart.

Your questions answered!

1. A history of supplying quality tailored clothing for the institutions. This is a specialized area and we excel in it.
2. We own the factory! Our own staff inspect and pass all the garments so that when you get them they are trouble free and you can get on with your job.
3. A wide choice of styles to suit all shapes. Nothing beats feeling confident in your work clothing.
4. Beautiful fabrics that perform excellent. This means you will not have to keep replacing poorly worn clothing.
5. International machineries used for manufacturing of quality garments.
6. We leave nothing to chance in providing the quality, detail and finish expected by you.
7. We stand firmly behind our service and clothing.

QUALITY TAILORING GUARANTEED!
